

CLEENERGY EV

EV ROAMING FOR CPOs

EV charging made easy

Boost the visibility and usage of your chargers by tapping into our EV Roaming agreements, giving access to millions of additional drivers.

EV Roaming lets CPOs advertise on other networks.

That means signposting drivers to their chargers to win more business at existing sites.

Head of Roaming

Support & Services

- ✓ Advertise chargers to millions of drivers
- ✓ Provide charging across popular networks
- ✓ Advertise on popular mapping systems
- ✓ Eliminate the need for multiple apps/cards
